Pella Nazarene Website Content Inventory

Oct 19, 2026 · @Rob

Summary

The sitemap lists **237 URLs**, but only a small fraction is real content. About 206 are empty taxonomy archives (sermon topics, every book of the Bible, event and group tags) that Ministry Designs generates by default. Most of the blog, event, and small-group detail pages are Lorem ipsum template filler that was never replaced.

What actually needs to move:

- **7 pages:** Home, New Here, About Us, Kids, Giving, Contact, Resources (about 3,100 words total)
- **4 sermons:** 1 with a real description, 3 with real titles and videos but placeholder descriptions
- **5 recurring events:** shown only as cards on the Events page, with no detail pages
- **Around 35 images**, some of which are template stock photos
- **4 speakers and 1 series** as taxonomy terms

What to drop: 4 blog posts, 6 event pages, 6 small-group pages, and about 200 empty archive pages.

This is a one-weekend migration. A crawler isn't needed; the real content can be moved by hand.

Pages (migrate)

Page	Words	Notes
Home	~400	Hero slider repeats one slide 6 times. Welcome video at /mt-content/uploads/2021/04/welcome-video-1.mp4. Featured sermon YouTube vTKuOza2c68. FAQ block duplicates New Here.
New Here	~575	YouTube EK0MuwDegjI. Online "Connect" card says "Link to be added." Plan a Visit and map links go to #.

Page	Words	Notes
About Us	~1,400	Mission, local core values, staff bios, beliefs, denominational values, history (founded 1983). Rob's bio is truncated; the "Sinful Nature" belief sentence is cut off.
Kids	~480	First visit, safety, teaching. The "Pre-register my kids" button goes nowhere.
Giving	~300	Links to Church Center: pella-nazarene.churchcenter.com/giving. Mentions text-to-give with no link.
Contact	~170	Native Name/Email/Message form must be rebuilt. Body says 8:30–5 ET; footer says 8:00–5:00 ET.
Resources	~110	11 outbound links to nazarene.org, ncm.org, and usacanadaregion.org.
Calendar	?	Appears in the admin page list but not in the sitemap. Check in admin.

The admin also has three system pages (404, Password Protected, Under Construction) that WordPress handles on its own.

Sermons

The site has only 4 sermons, while the homepage features a current one ("Holiness in the House," Pastor Cindy Olson) that isn't in the archive. **The YouTube channel (@pellanazarene) is the real sermon archive.** The cleanest approach is to import sermons from YouTube rather than from this site.

Sermon	Date	Speaker	YouTube	Description
Pentecost Promised, Proclaimed, and Practiced	2026-05-26	Rob Hammann	Nll1UzWZHQA	Real (50 words). Acts 1–3; Community, Holiness, Holy Spirit
God's Messenger – Malachi 3:1-4	2023-05-21	Rob Hammann	3JdIij39S2g	Lorem ipsum

Sermon	Date	Speaker	YouTube	Description
Vision Sunday #2 – Living Out Our Mission	2023-05-14	Not set	—	Placeholder
Vision Sunday #1 – Living Out Our Mission	2023-05-07	Not set	—	Placeholder

Terms to recreate: speakers Todd Olson, Cindy Olson, Rob Hammann, and Floyd Ware; series "Holiness in the House: A Study in Titus."

Events

The Events page shows 5 real recurring events as cards, with no detail pages:

- Sunday School: Sundays 9:30–10:15 AM
- Connections Sunday School Class: Sundays 9:30–10:15 AM
- Lighthouse Student Ministry: Sundays 5:30–7:00 PM
- Midweek Prayer: Tuesdays 10:30–11:30 AM and Wednesdays 7:00–8:00 PM ("Wednesday" is misspelled on the site)
- Coffee Time: Tuesdays 9:30–10:30 AM at Windmill Cafe

The page also links to a **public Google Calendar** feed. The 6 event detail pages (Kids Event, Family Event, Youth Event, Worship Night, Baptism Sunday, Movie Night) are template filler.

Small groups

The Small Groups page shows **zero groups**. All 6 group pages (Men's, Women's, Young Adults, Single Men's, Single Women's, Local Outreach) are Lorem ipsum. The "group details" filter includes demo names (Paul & Olivia Brunson, Will & Gloria Jackson) that appear to be template data.

There's nothing to migrate here. Groups will need to be built fresh.

Blog

All 4 posts (Our Year in Review, World Missions, Faith over Fear, Biblical Giving) are template filler dated January 27, 2021. One refers to "Omega Church," the platform's old name. Drop all of them.

Images

Real church photos (keep):

- Staff headshots: 2026/05/toddoweb.webp, cindyoweb.webp, robhweb.webp, floydwweb.webp, floydpreach.webp
- Congregation: 2026/05/micahkarenworship.jpg, ruthsmile.jpg, rmh_0335.jpg; 2026/03/member-group-photo-2.webp, chuch-event-gathering.webp, communion-bread-and-wine.webp, sermon-preaching-gospel.webp, kids-ministry-1.webp, kids-ministry-2.webp; 2025/12/kids-church-ministry.jpg
- Welcome video: 2021/04/welcome-video-1.mp4

Likely template stock (confirm before reusing):

- 2021/01/kids-1.jpg through kids-4.jpg, family-2.jpg, photography.church41_….jpg, kids_cmu-6_….jpg; 2019/06/kids.jpg
- 2025/10/prayer.webp, baptism.webp, baptism-service.webp, men-praying.webp, preaching-slides.webp, jesus-worship.webp, youth-service.webp, and the numbered 1_ through 4_68fbe08….webp files on About Us

All paths are under pellanazarene.org/mt-content/uploads/. The logo is rendered as an inline SVG, so get the original file from whoever designed it, or from the admin Design tab.

Integrations to keep

- **Giving:** Church Center (Planning Center), linked out. Nothing to migrate.
- **Video:** YouTube @pellanazarene
- **Calendar:** public Google Calendar feed
- **Social:** Facebook, Instagram, YouTube

Since you already have Church Center, check whether your Planning Center subscription includes **Groups, Registrations, or Calendar**. If it does, those could power small groups, kids pre-registration, and event signups, so the website only needs to link or embed them.

Problems to fix during migration

- Office hours say Eastern Time, and differ between the contact page (8:30–5) and the footer (8:00–5).
- The phone link is tel:641628-1818. It should be tel:+16416281818.
- Every "Plan a Visit" button, the map link, and the kids pre-register button go to #.
- New Here's online Connect card is unfinished.
- Rob's bio and one belief statement are truncated.
- Typos: "Giving Onine," "activites," "Wedensday."
- The email address is plain text rather than a mailto link.
- Most images have no alt text.

URL redirects

Keep these old URLs working with 301 redirects:

Old	New (suggested)
/events-2/	/events/
/sermons-t/	/sermons/
/sermons-t/<slug>/	/sermons/<slug>/
/about-us/, /new-here/, /kids/, /giving/, /contact/, /resources/, /small-groups/	same slugs
/news/*	/blog/ or home

You can let the ~200 taxonomy archive URLs return 410 or redirect them to /sermons/. Search engines are unlikely to have much value indexed there.
