BRAND GUIDELINES

Mission and Brand Voice

The mission of Pella Nazarene Church is to love people where they are and grow together in Jesus.

At Pella Church of the Nazarene, we speak with the neighborly warmth you'd expect from a small-town church family. Our words are personal, caring, and encouraging—always meeting people where they are and inviting them into a journey of hope and growth in Jesus. We believe in sharing authentic stories, walking alongside one another in faith, and offering grace at every turn, so everyone feels welcomed, loved, and at home.

Logomark

Our logo is the face of the brand - the primary visual expression that we use to identify ourselves. Meaning that we need to be careful to use it correctly and to do so consistently.

The logo features an empty, three-dimensional cross, symbolizing the resurrection of Jesus and His ongoing presence as part of the Holy Trinity. The empty form speaks to the victory of the risen Christ—no longer on the cross but alive and active in the world. Surrounding the cross is a continuous circle, representing the completeness and eternal nature of God, as well as the unity and wholeness of the church family.

The deep blue color reflects themes of heaven, hope, and faithfulness. It reminds us of God's eternal presence, the trust we place in His promises, and the peace we find through life in Christ.

This design reflects our mission: to love people where they are and grow together in Jesus—anchored in Christ, united in purpose, and open to all.

Logo sizing

Consistency in logo size and placement is key to maintaining a strong brand identity. Please use the following guidelines to ensure proper sizing of the logo on all materials. The logo should be placed in a clear and prominent location on all materials.

The minimum size for the logo should be no smaller than 1 inch in width for printed materials and 100 pixels in width for digital materials. Any smaller than this and the logo risks becoming illegible and losing its impact.

While there is no maximum size for the logo, it is important to maintain its aspect ratio to ensure it remains proportional and visually appealing.
